DISCLOSURES

Private Placement Life Insurance and Private Placement Annuities are unregistered securities products and are not subject to the same regulatory requirements as registered securities products. As such, Private Placement products should only be presented to accredited investors or qualified purchasers as described by the Securities Act of 1933. The information presented here is not an offer to purchase or the solicitation of an offer to purchase an investment product and under no circumstances should be construed as a prospectus or advertisement.

Variable life insurance and variable annuity products are long-term investments and may not be suitable for all investors. Investments in variable products are subject to fluctuating values of the underlying investment options and entail risk, including the possible loss of principal. Product guarantees, including the death benefit, are subject to the claims-paying ability of the issuing insurance company.

Investors should consider the investment objectives, contract features, risks, charges and expenses of the products carefully before investing. No offer or solicitation of an offer to purchase the variable annuity or variable life insurance product can be made except pursuant to the private placement memorandum, prepared specifically for that purpose.
